To whom it may concern:

Our company has been working with Ideal Management, Inc. (Mr. Irving Ayash) for more than a year and a half now. Last year our firm needed to arrange some debt financing, to finance the manufacturing of our products. Mr. Ayash analyzed the situation and went to work for us to find the appropriate party that could handle the transaction based on our small size and the fact that we are a young company.

After a few weeks we were introduced to a firm that took an interest in our company and the products we manufacture. Irving Ayash helped us and guided us through each step of the due diligence process with the financing source. Our small company was not big enough at that time to get any bank loans.

In short, after a few months, the Debt Financing line was approved for One Million dollars, and we have since that time been using this line of financing to get our factory to build and deliver product to us. The work done by Ideal Management was very valuable to our company and allowed our growth to continue without a huge cash crunch. Irving Ayash has lived up to his commitment exactly per the Agreement we have, and he has been a pleasure to work with. We are continuing to use Ideal management for some of our other business needs.

Sincerely,

Larry A. Petersen
President and CEO
Quasar Group, Inc.
