February 27, 2017

To Whom It May Concern:

Over the last 30 years Rapid Auto has had numerous occasions to ask Ideal Corporate Funding, Inc., to assist us in funding our growth requirements. On many occasions, we have also asked Ideal to assist us in management decisions as well as to give us direction on growth. You can be assured that Ideal has delivered superior service and satisfied all of our needs. Ideal's professional recommendations were outstanding and as a team, helped our company achieve its goals.

We asked Ideal to create a loan for us that would allow us to buy out an investor/partner. Ideal overcame all of the obstacles and developed a relationship with a quality lender on our behalf. The loan was closed and funded three weeks ago. We have successfully completed the acquisition of the shares of the company owned by the investor because Ideal delivered once again.

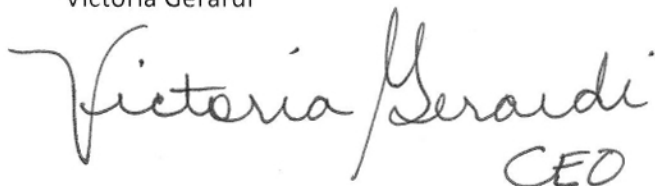

We have recently asked Ideal to join us on a more permanent consulting basis. Irving Ayash has agreed to do so and has started to implement many of the decisions we have made as to the direction and growth of our company.

We whole heartedly recommend Ideal Corporate Funding, Inc., and its team to anyone seeking financing for their company. They are very creative and extremely direct. If they take on the project they waste no time and get the job done.

Please feel free to call upon us to discuss any questions you may have regarding Ideal Corporate Funding, Inc.

Sincerely,

Victoria Gerardi
