RE: Letter of Recommendation

Dear Ideal Corporate Funding:

I would like to take the time to write this letter in recommendation of your services. When we first met with you Blue Energy Renewables was a new business in a booming renewable energy market. Our intentions were to see how your team could assist us by obtaining the necessary funding to support our company's growth and development. To say the least, Irving Ayash and Victor Carron at Ideal Corporate Funding had super exceeded any type of professional assistance our company could have asked for.

From the time of our first meeting to the day of our first funding, Ideal Corporate Funding was readily available by phone, e-mail and face-to-face meetings to assist in any way possible. The team had arranged for us to **only** meet with lenders that supported the type of funding a growing business like ours needed. They continuously worked with us on our business plans, funding proposal packages and even negotiated on our behalf. Ideal Corporate Funding had always put our better interests first and introduced us to our current lender whom we have a strong, long-term relationship with and will for years to come.

In addition to thanking and recommending Ideal Corporate Funding for their professional and good-hearted nature, Blue Energy also owes it's stable revenue growth to Ideal. Without Ideal's support in securing factoring and supply side financing for us we would have never been able to exceed our projected revenues by 10 fold. With the relationships built through Ideal Corporate Funding our company will continue to exceed and excel.

Thank you for your time and continuous efforts.

Sincerely,

A handwritten signature in black ink, appearing to read "Stacey Karis", written over a horizontal line.
