I have had the privilege of having Ideal Corporate Funding, Inc., as my financial advisor since 1994. They have had a tremendous amount of success in raising over \$40 million in capital for my many business ventures, consumer finance, factor lending, venture capital and wholesale funding of vehicles for automotive sales. Ideal is currently in the process of obtaining a credit line for 2 of our automotive related company's and establishing factoring for our COMFORT BRACE dental line for international use .

Mr. Irving Ayash (President) is incredibly knowledgeable in developing strategies to assist companies in obtaining their financial requirements (often including tax benefits). Mr. Ayash not only impressed me with his knowledge on federal regulations, but his ability to maneuver within the financial community is remarkable.

I highly recommend Ideal Corporate Funding, Inc., to any entity that needs assistance in capital formation.

Vince Gerardi

Chief financial officer

Rapid Auto Loans LLC.
