Snap Fresssh is an upscale healthy salad manufacturer that has been growing at a high rate for the past three years. Like in any business, there comes a point when you need capital to get to the next level. I was recommended to call Ideal Corporate Funding and speak to Irving Ayash.

Once meeting with Irving, he put a plan together and in a short time Ideal was able to help Snap Fresssh get the funds needed to get to that next level. His team worked very hard and put in many hours to make it work. I have never seen a group of people that wholeheartedly wanted to help make Snap Fresssh more successful.

It would be my pleasure to recommend Ideal Corporate Funding to anybody in the food industry or in any other industry. He and his team have formed more than a business relationship with me; They have become friends.
