Ideal Corporate Funding  
Mr. Irving Ayash  
President  
14 Albert Leonard Road  
New Rochelle, NY 10804

Dear Irving:

I wanted to take time out from our busy schedules to thank you for all of your firms' assistance over the past several months. As our company looks to grow to the next level, it is quite clear we never would have made it without Ideal's guidance. I doubt after many years in business you still need any letter of recommendation, but I felt compelled to let anyone you wish to share this letter with better understand the truly exceptional service that comes with being one of your clients.

Unfortunately, most forms of corporate financial assistance come with more sharks than Saints... (or Rabbis in your case). I would strongly caution anyone in the market for corporate funding take the time to call Ideal first or at least last. The difference in character, care, and experience in the market place are night and day above any other funding company in the market. Many people can arrange funding, but few put the clients' interest ahead of their own as I have found with you and your Ideal team.

Avoid the traps and regrets of poor choices by calling Ideal first. You not only will find competitive rates, but priceless experience for each level of funding needs. Few companies can grow with you and Ideal views each client as a long term relationship not a one-time commission like most of the industry.

Please feel free to have anyone contact me personally should they have any questions about working with your firm. I thank you all for your hard work on our behalf and wish you continued success in helping even more companies like Zike in the future.

Warmest Regards,

Brad Seckinger  
President
